Most soaps dissolve quickly if placed in hot water.

Ivory Soap does not.

Left in bath tub or wash basin, it retains its firmness for hours. Like the ships of Uncle Sam's Navy, it floats forever and a day.

Bath; toilet; fine laundry.

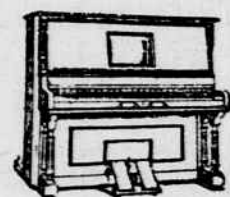

There is no "flee" (uncombined alkali) in Ivory Soap. That is why it will not injure the finest fabric or the most delicate skin.

Paymaster Insane on a Train.

Excitement in a train on the C. & M. and St. P. railroad was caused yesterday by C. S. West, a government paymaster, until recently stationed at Manila. He was returning to his home in New York on an extended leave of absence because of ill health.

The Sunday Star, Including the Magazine Supplement, By Mail, \$1.50 a Year.

Fifty miles outside of Chicago the crew of the train saw West become violent. He attacked the conductor, who attempted to quiet him, and in the struggle several panes of glass were broken in the car. The men and women in the car fled into other coaches. The brakemen were called in, and after a struggle West was subdued. He was carried into the baggage car and kept under control until the union station was reached. From there he was taken to a police station, where he is being held. He will be examined as to his mental condition.

MEAT MARKET EASY

LITTLE RELIEF FOR THE RETAIL BUYER—OTHER FOODSTUFFS.

The meat market is much easier than it was a week ago, but there has not been change enough in the price to give relief to the retail buyer. It is thought that there will be a break in the prices before long and that it will be sufficient to give the small buyers the benefit of lower prices. There has been no change in the poultry market during the past week, although spring chickens are getting more plentiful as the season advances. Butter and eggs are also quoted at last week's prices. Butter is 35 cents a pound and eggs are 20 cents a dozen. There will be no decrease in the price of eggs this summer. Packers are still buying all the stock they can get, and it is stated, are paying as high as 17 cents a dozen.

The cool weather of yesterday gave the fish market a brighter appearance and there was a good demand for fresh stock. Sturgeon is getting more plentiful and is in good demand at 15 cents a pound. Years ago sturgeon sold at 5 cents a pound and did not find ready sale at that price, but during recent years it has been in demand and the fish have not been so plentiful. Soft crabs are improving in quality, but not in quantity or price. Today's good stock brought as much as \$1.25 a dozen. Hard crabs are getting more plentiful and there is an increasing demand for them at 25 cents a dozen. The crab feasts that have become so popular in this city have already begun and such dealers consume most of the crabs that are brought here. Shad are still in good condition. The shad season will not end for nearly a month, and the demand for the fish will likely be great enough to consume the catch. Rock shad are selling at 65 cents and bucks at 35 cents. Perch are from 12 1/2 to 15 cents, halibut, 20 cents; weak and bluefish are 10 cents, and salmon is 35 cents a pound.

Strawberries and pineapples are leaders in the fruit market. Berries are in splendid condition and are selling at from 10 to 20 cents a basket. The crop of berries in the Carolinas is larger than usual, but shippers are unable to get rid of them on account of the scarcity of freight cars. It will be but a few days before Norfolk berries will be getting plentiful and the fruit will then become cheaper. Pineapples are selling at from 15 to 30 cents. Bananas and oranges are plentiful. Spring vegetables are in great demand at this season, and the demand for them, it is stated, has increased since the increase in the price of meats. New potatoes, string beans and peas are to be had at 60 cents a peck, and new cabbage are to be had at from 6 to 10 cents a head. Bermuda onions always find ready sale and are selling at \$1 a peck. This is cheaper than usual, but spring onions are so plentiful and cheap that the demand for the Bermudas has fallen off. Tomatoes seem to have recovered from the effects of the frost and are again coming in good shape. They are selling at from 15 to 25 cents a pound. Cucumbers are getting more plentiful and are in demand at from 5 to 8 cents. Asparagus is to be had at 25 cents a bundle, and it is in fine condition. Vegetables from the surrounding country are getting more plentiful every day and are cheaper.

Runaway Boys Arrested.

Four boys, who said they had run away from their homes in Baltimore, were arrested last night by the police of the ninth precinct and sent to the house of detention as alleged fugitives from their parents. Their names were given as Albert Buckingham, Charles Miller, Robert Fisher and George Tarasoon. They were found near the railroad tracks at Banning and taken to the ninth precinct police station. After registering their names and giving their addresses they were transferred to the house of detention. Their parents were notified and arrangements were made for their return to their homes. In conversation with the police the boys said they had left Baltimore in order to see something of the world and it was their intention to return in the course of a short time.

AMICABLE RELATIONS

PROBABLE EARLY SETTLEMENT OF LABOR DIFFERENCES.

A committee of the local Journeymen Painters' Union has been conferring today with the employing painters, with the view of adjusting existing differences as to the matter of wages. A special meeting of the union has been called for a later hour this afternoon, when it is expected a partial report will be made by the conference committee.

A meeting of the journeymen's union was held last night at headquarters on E street. About five hundred members were in attendance, and the decision was reached to make a demand on the bosses for an increase of pay from the prevailing figure, \$3.20, to \$3.50 per day. By unanimous vote of the union a conference committee of five was appointed to meet the bosses and submit to them the request of the union for a readjustment of the wage scale. The committee consists of William C. Whipp, president of the union; William M. Lewis, business agent; Thomas Sheehan, E. E. Hancock and P. A. Shea.

George F. Hedrick of Albany, N. Y., first vice president of the Brotherhood of Painters, Decorators and Paperhangers of America, who is in Washington to assist in the settlement of the differences between the striking local paperhangers and their employers, attended the meeting. Business Agent William M. Lewis stated that the relations between the bosses and the union painters have been very friendly, and that there is no reason to apprehend any controversy at this time. Secretary Hugh Digney of the union was instructed to communicate with the bosses and advise them of the action taken by the union. It is expected that they will designate a committee to meet the body appointed last night.

Indications today point to a settlement of the differences between the journeymen horsehoofers and the employers. It is probable that a joint conference of the strikers and the masters will be held early next week, and that a special meeting of the Master Horsehoofers' Protective Association will be held Tuesday evening.

EXCURSIONS.

Another Sunday excursion to River View will be given tomorrow under the auspices of the Lone Star Beneficial Association, which will be the sixteenth outing the association has given to the View.

There will be music a-plenty, and the Little River, the chute, and all the attractions will be in operation. Prize bowling will also be a feature of the day.

The steamer Harry Randall will make three trips, leaving here at 11 a.m., 2:30 and 5:30 p.m.

One never knows how good planked shad can be until this delicious fish is enjoyed at Marshall Hall. At least, that is the opinion of those who have taken the sail down the Potomac and had one of those famous planked shad dinners with clam chowder, for which Marshall Hall is so celebrated. With the dinner are served all the early spring vegetables the market affords. Tomorrow's feast will be one of the best of the season and a large crowd is expected. The steamer Charles Macalester will leave 7th street wharf tomorrow at 11 a.m. and 2:30 p.m.

JAPANESE WEDDING.

Original and Pleasing Entertainment Last Night.

An original and pleasing entertainment was given at the Ryland M. E. Church, corner of 10th and D streets southwest, last evening, in the shape of a Japanese wedding, drill and concert, in which a number of young ladies and gentlemen took part. The stage erected for the purpose was tastefully decorated with American and Japanese emblems and there was one large flag, borrowed from the Japanese legation, said to be the only one in the city of the island empire in this city.

The wedding, with all its curious customs was carried out to the letter, according to the directions of a lady who has spent several years in Japan and is willing to vouch for the facts. At the conclusion of this part of the program an interesting drill was gone through with, and this was followed by the concert.

There was a very large attendance and the entertainment was a credit to Mrs. Milton Odell, Mrs. Ferguson and Mr. M. Munson, who arranged the program and trained the participants.

SHOOTING AFFRAY.

James C. Nicholson in Hospital as the Result.

Jealousy is attributed by the police as the cause of a shooting affray which occurred last evening on C street between 1st and 2d streets southwest. James C. Nicholson, of 83 C street southwest, as a result of the shooting is in the Emergency Hospital with a bullet in his spine, which as yet has not been found by the hospital surgeons. Communication from the hospital developed the fact that Nicholson is in a serious condition.

Ollie Turner, colored, of 312 Willow Tree alley, is the man who is charged with the shooting. Efforts to arrest the man since 11:30 p.m. last night, when the affair occurred, have been unsuccessful. He was unexpectedly located in a house near the Boston Baking Company, where he works, and he was last seen by the police going over a fence, dressed only in a pair of trousers and a shirt, without shoes or stockings on. He successfully eluded the officer at that time.

NORTHWEST CITIZENS.

Meeting of Association at Tenleytown Last Night.

The Northwest Suburban Citizens' Association held its regular meeting last evening in Masonic Hall, Tenleytown, with President Charles C. Lancaster in the chair. Aside from several current matters which were discussed, the principal topic of the evening grew out of a resolution introduced by Mr. Lancaster to the effect that the legislative partnership now existing between the people of the United States and the District of Columbia is unjust and burdensome, and asking for a repeal of the compact of 1878, the year in which the partnership was created.

Mr. Lancaster, in support of his resolution, entered a vehement protest against the partnership, saying they are at present levied upon the people of the District of Columbia. This unjust taxation grows out of the act referred to, and he strongly urged the citizens of the District to have the same repealed.

The movement for the repeal of the partnership was made the subject of several spirited talks. The citizens of Tenleytown are considerably aggrieved that they have not been generously dealt with, and have been asked to renewed efforts in a fight for necessary improvements.

Addresses were made by Benjamin Holman, Mr. McLaughlin, Galen Tait, Mr. Finch and others.
